## **COUNTY POOR FARM**

*Winchester Star*, 7 April 1950

The county commissioners are advertising for sale the County Poor Farm, which is located northeast of Oskaloosa. Persons interested in buying the building and some 7½ acres of ground upon which it stands, may file sealed bids with A. W. Hamilton, county clerk, any time up to 10 a.m., April 14. The building is a two story structure, built of brick and was constructed in 1904. According to the statutes, if any person bid more than \$5,000 for the land and building, it will be necessary for the commissioners to call for a vote on the sale at a regular election. The farm has not been in use for a number of years, but the building is still in good repair.

## **COUNTY FARM HOME SOLD TO FREEMAN**

*Winchester Star*, 28 April 1950

A convalescent home especially for aged will be in operation in Jefferson county by the middle of next summer, announces Dr. R. F. Freeman, Nortonville, who said he completed negotiations with county commissioners Friday, April 14, for the purchase of the former county farm building and seven and a half acres of ground near Oskaloosa for this purpose.

He and Dr. F. W. Huston, Winchester, will operate it jointly, the Nortonville doctor said, but both will continue present practices.

The new venture will be staffed with a medical director and manager, registered nurse, and about seven other full-time personnel. Plans are for 30 to 35 beds, Dr. Freeman said.

“We are not setting up a hospital,” he stressed. “We will care only for convalescent patients. At the present time there is a sizable gap between hospital care and home care in most communities. One of the reasons hospitals are so congested is that many beds are being taken up by patients not actually sick enough to remain there, but not well enough to go home, principally because of inadequate facilities in the home to care for them.”

“A convalescent home in Jefferson county will represent a step forward in establishing a well coordinated health program. It will provide an annex service for the proposed county hospital and should help to keep more hospital beds available.”

The convalescent home will accommodate both county and private patients.

The county farm building is a two-story brick structure 70 feet by 30 feet with a full concrete basement. Extensive remodeling is currently under way.

Dr. Freeman has been practicing in Nortonville the past year. He was formerly with Winter General hospital and the Menninger foundation in Topeka. Dr. Huston has been in the Winchester community for a number of years.—*Nortonville News*.

The Jefferson County Poor Farm, including the buildings, were sold on Friday, April 21, following the opening of sealed bids by the county commissioners. Two bids for the building and about seven acres of ground were received and accompanied by certified checks. The high bidder was Dr. Robert F. Freeman, M. D., of Nortonville, who made the high bid of \$3,750. The other bid by a Charles Tilbert, Winchester, was \$1,557. The farm has not been used for a number of years and the building has been standing vacant. It is understood that Dr. Freeman will use the building for a convalescent home for the infirmed and aged and it may be possible that later that the building will be enlarged. Dr. Freeman came to Nortonville community to practice about a year ago, after being associated with the Menninger Foundation in Topeka.

### EDITOR'S COMMENTS

The membership roster for the Jefferson Co. Historical Soc. and the Jefferson Co. Genealogical Soc. is a diverse population with a variety of interests. Trying to find and select newspaper articles, historical records, unpublished birth, death and marriage records etc., seems to get more difficult each issue as the pool for *YESTERYEARS* is shrinking. I still do enjoy the challenge.

For the past year my wife, Joy, has been battling with pancreatic cancer. Having won two previous cancer battles against kidney cancer and colon cancer, she has done amazingly well. From the beginning when it was discovered and that it has spread to the liver, the oncologist has told us they could not cure it, but try to prolong and improve the quality of life. About 3 years ago, I was diagnosed with Parkinson's Disease and the stress of Joy's condition complicates that battle. I enjoy the searching and compiling tasks of preparing *YESTERYEARS*. However, the stress of meeting deadlines and maintaining membership records is becoming a challenge. Anyone willing to work on the mechanics of publication would be very much appreciated.

Joy has maintained the membership records and prepared mailing labels for both organizations. Anyone willing to work on the membership records, please let us know. Finding volunteers to continue offering services is becoming more challenging each year.

We're not the only organization facing such challenges. Mary Burchill, the editor of the Douglas Co. KS. magazine, *The Pioneer*, is having to retire from that position. No one has been willing to take-over that task.

If you have any requests, or ideas for inclusion or delivery of *YESTERYEARS*, let me hear from you.

## **GRAGG'S CHAPEL HISTORY** (Located about 5 miles west of Valley Falls, KS) Compiled by Viola Reichart from old church records and minutes of Gragg Chapel picnics. Probably written in 1982.)

In the fall of 1854 William Gragg and sons came scouting from Platte County, Missouri, looking for a location in the wild lands of Kansas Territory for new homes. They liked it, so went back to bring their families. They crossed the Missouri River at Leavenworth on a ferry boat, arriving in this community "North Cedar" in the spring of 1855. William Gragg, the father, chose as his homestead the bottom land on the south side of Cedar Creek and his eight sons and daughters settled in surrounding quarter sections, making this really a Gragg settlement. They all located near streams to have plenty of water.

**[EDITOR'S NOTE: The lands where the Gragg families settled were part of the Delaware Trust lands that were sold at public auction at Ozawkie in 1857. Therefore, the families that arrived before 1857 were "squatters" on government owned land until they could purchase the land. Here are the properties they purchased:**

**Henry Gragg, 160 acres, NE 1/4 of S-19, T-8, R-17, on Aug. 1, 1857, for \$2.00 per acre.**

**John Gragg, 120 acres, NW 1/4 of S-19, T-8, R-17 on Aug. 1, 1857, for \$2:00 per acre.**

**William Gragg, 160 acres, SE 1/4 of S-19, T-8, R-17, on Aug. 1, 1857, for \$2.00 per acre.**

**Zachariah Gragg, 160 acres. NW 1/4 of S-20, T-8, R-17, on Aug. 1, 1857, for \$2.00 per acre.]**

The first summer was spent in breaking sod for the next year's crops and hewing out logs and building cabins to protect them from the extreme cold weather of the following winter...[Reprint of July 1, 1876: "In February of 1855, Uncle Billy Gragg's colony on Cedar Creek began to make permanent improvement. April 1. 1855 Cedar Creek settlement consisted of George Parrott, Robert L. Shanklin, John Wood, Wm. H. Lang, Henry Gragg, John Gragg, Thomas Wood & wife and 2 children, Zach Gragg, Gransville McDaniel and wife..."]

Other folks came seeking homes and soon a thriving community was established. Land sold for the minimum of \$1.25 per acre. Roads were established, but many years went by before streams were bridged. A saw mill was moved-in and framed homes and barns were built .

They saw the need for a school and a stone school house was built near North Cedar which served as a school and community center. A country store was built near-by and also a rail road depot.

Camp meetings were held in summer in the woods which would run for weeks so it was decided to build the Gregg's Chapel Church. The first burying ground was on a hill in Wm. Gragg's pasture [SE of 19-8-17]. Tombstones have not survived, but it is believed that Thomas Jefferson Ferrell, Mary Jane (Shaw) Ferrell, and Henry Gragg are buried there. Later, grounds were donated by Zachariah Gragg on a hill [SE 20-8-17}. This piece of land became a cemetery and Gregg's Chapel church was built there

In 1870 the Methodist Episcopal Church South organized with Rev. McEwan as the first pastor. A neat frame building was constructed at a cost of \$1,400. This church was a part of the Holton circuit, Atchison District, Western Conference. Among charter members were Zachariah Gragg, John Gragg, and Isaac Ferrell. Membership in 1883 was 40 persons. Sunday School classes were held into the 1930's although regular church services were discontinued about 1920 because of lack

of funds to support a minister. The building was sold in 1950 for \$212,50 and dismantled about 1953.

During the late 1800's Graggs Chapel enjoyed a large membership from a wide area: Bloomfield, Rock Creek and south of North Cedar were unchurched. It was several miles to the east where churches were established in Valley Falls. At the time of Rev. Faubion as minister (1884-1888) the attendance was so large that folks had to stand along the walls during the services.

## **EARLY SETTLERS IN THE COMMUNITY**

**William Gragg & family** 1854

**Thomas Jefferson Ferrell** and wife **Eliza Taylor** 1856 from Missouri

**George VanGaasbeek** and family 1856 (planted the first orchard)

**Frank, VanGaasbeek** (brother of George) 1865

**Isaac Ferrell** and wife **Betty Marsh**, (spent their entire married life in a log cabin)

**John Sills and Edmund Bickley** from England

**Mrs. Rebecca Bruton**, 14 year old bride of **Henry Gragg** 1855, Missouri

**Frank Gragg**, first white child born on Cedar, 1855

**John Fisher** and wife from Germany

**Landon Huff** and bride 1857, Tennessee

**Wess Newman** family had one of the show places of the comm., 12 room house & large barn

**George Wunder & wife, Bavaria.** When his wife's health failed he sent to Germany for his niece, Mary Wunder. Mrs. Geo. (Cooney) Stranger & Johann accompanied Mary here.

The **Bell** family came from Western Kansas, formerly from Penn. Arthur, the youngest, became a teacher at North Cedar School. He married Miss **Roxalanna Ferrell.**

**Ellings** and their family of girls

**John Ginter** and family, especially interested in social life and the Sunday School and Church. Morris married Mattie Marsh and were the foundation of the organization

**William Cain** owned a large flock of sheep, gathered wool, carded, spun and wove it into cloth

**John Wunder**, Germany, big stock farm, employed workers, had an orchard & vineyard

**Robert Marsh** and family, always connected with the community

**Bob Ferrell and wife, Katie Tosh**, were to be the first to break away from the community. They went to nearby Swabville community, was a successful cattle feeder. Bob with the help of his brother **Ike Ferrell** made it possible in a financial way to retain the old church for so many years.

On August 23, 1936, about 150 persons gathered at Gragg's Chapel. Under the leadership of M. H. Ginter, as temporary chairman, it was decided to hold such a meeting each year. An official title was chosen to be "Gragg Chapel Community Picnic". The permanent committee was elected for 1937 consisting of: Morris Ginter, chairman; Florence Bell, secretary; Mary Marsh Reynolds and John T., Ferrell, in charge of arrangements.

The chapel was chosen as the place for the meeting, and the time to be on the third Sunday in August.

In the early years beginning in 1936, there were from 150 to 200 persons who attended. Programs consisted of hymn singing, reminiscencing, a short business meeting and closed with the singing of

“*God Be With You Till We Meet Again*”. Visiting followed until each found that it was time to go home because of the distance they had to travel to their homes.

One interesting remark made by Morris Ginter in 1938 was that the large family of 12 children – that the circle remained unbroken until the youngest member had passed away after his 54<sup>th</sup> birthday. This was quite remarkable for a pioneer family.

Meetings were more or less held every year. There was none in 1944 because of the flood and also none in 1951 because of the big flood. In the 1950's attendance began to decline – 50-75 members were present. [Added note that Gragg Chapel Community Picnics are still being held as of 1982.]

### **FROM THE MINUTES OF 1943**

Mrs. Retta Mitchel (Mrs. H. H.) gave an interesting history beginning with the Gragg’s homesteading in Cedar Community and the history of Gragg’s Chapel. [EDITOR’S CLARIFICATION: The homestead Act was not passed until 1862, so the settlers were not “homesteading” but purchasing land at public auction on which they would build their homes]

## **OZAWKIE UNITED BRETHREN CHURCH**

*The Meriden Weekly Tribune, 1 Aug. 1891*

Nearly four hundred people attended the dedication of the U. B. Church at Osawkie [early spelling used] Sunday. There were quite a number from Meriden and Rock Creek. Rev. I. S. Mills delivered an able discourse, after which nearly eight hundred dollars was subscribed to finish paying the total expense of the new church; which was eighteen hundred dollars. The church was then dedicated by Rev. Mills of Toledo, Ohio. The people of Osawkie have, by their labor, time and money, placed a monument in their midst, that will be a lasting benefit to them, to their children, and to their children's children.

## DEATH RECORDS OF JEFFERSON CO.

These records are contained in nine printed notebooks that appear to be the death records that the "town/township" reporter was to provide information so that death certificates could be produced after 1911. Most of the names are contained in the computerized list of Jefferson Co. Death records compiled by the Jefferson Co. Gen. Soc. However, **the following are either not on the list or their burial location is unknown.** If you have knowledge about burial locations of any of these persons, please notify the Gen. Soc. so that we can improve our records . If they were not buried in Jefferson Co. they may have been buried in adjacent counties or been transported back to their ancestral "home area". These records provide some additional information beyond the information given below. It lists: sex, race, age, place & cause of death, single/married/widowed, physician, and undertaker.

## **WORKING ON SUNDAY**

*The Nortonville News*, Jefferson Co. KS

8 July 1887

—One, Johnny Low, was cutting oats last Sabbath, when some of his neighbors thought he could have been at more lawful business, and so visited him and told him so. They tried to persuade him to desist from his unlawful work and respect the law of God and the civil law. But he persisted in his desecration of the Sabbath until they finally told him that they would be compelled to prosecute him. On Wednesday a satisfactory settlement was reached without prosecution. Mr. Low promising to refrain from working on the Sabbath hereafter if the neighbors would stay proceedings. When persons will deliberately, in this enlightened age, labor seven days in the week in direct violation of the Divine and civil law, they should be compelled to be law abiding.

*The Nortonville News*, 15 July 1887

It is not our intention to wilfully misrepresent any one through the columns of this paper. It seems that our statement concerning Mr. Low's Sabbath day working was not according to the facts as Mr. Low understood them. He desired to correct a wrong impression that the statement conveyed. Mr. Low says he made no promises to desist from working on that or any other Sabbath if he thought it necessary to do so to save his grain, (in order to stay prosecution.) He said that he would do nothing to injure his neighbors. But if they chose to prosecute him they could do so and he would pay his fine as he intended to cut his grain, because he thought it necessary to do so to save it. He further stated that he was not working on that day to show his defiance of either Divine or civil law, but because he thought it necessary. The above are the facts as Mr. Low understood them and as he stated them to the editor.

The above correction we cheerfully make at Mr. Low's request. The fact still remains, as we believe that Sabbath work, even in harvest time, is not right. A person may think that the reason for the work arises from what he believes to be a necessity to save his grain. The person may err in his judgement concerning the necessity, and so do a wrong to his conscience and moral nature, the experience of the Christian world has been that no such necessity exists. Men who refrain from laboring on the Sabbath having worked faithfully six days of the week, have never been losers thereby. The man who works the seven days in the week is the one who, in the end, loses more than he gains. The injunction to "Remember the Sabbath day to keep it holy" is binding upon the hearts and consciences of men as much in one season of the year as another. Our own opinion is that Mr. Low was not justifiable in cutting his grain on that day. Just here it might be well to remark that the man who deliberately for grain, traffics seven days of the week is a transgressor of both Divine and civil law. He is as much a criminal in the eyes of the law as any other transgressor. He may attempt to excuse himself by saying that the public demand it. But that will not stand in law nor reason. It appears to us from what we can learn that there are some such transgressors in the corporate limits of Nortonville. And we desire to kindly direct the attention of such to Sec.4 and 5 of Ordinance number 2, page 7 of "The Ordinance and By-laws of the City of Nortonville." It might be well also for the city officials to read those sections and see that they are enforced. These remarks have no bearing on our Seventh Day brethren who observe one day in seven for religious purposes.
